RECEIVED

MAY 14 2024

District of Peachland

Dear Donor:

RE: Chadwick, Ashlyn - MBS - 2024 Recipient
4520 Peachland-Corporation of the District of Peachland Award

The above-named recipient has been selected for the award you have generously donated.

Let me begin by thanking each of you for your generous contribution in providing a scholarship, bursary or award(s) to a graduating student(s) in 2024. Once again, we have appreciated the opportunity to connect with many of you, on the phone, in person or through email during the allocation process and continue to value your input.

Schools will continue with various graduation celebration formats, smaller venues for group gatherings will continue and attendance will be limited to immediate family members only. Unfortunately, donors will not be able to present their awards at graduating ceremonies again this year. We ask that donors be patient with schools and our organization as we work together on a solution that allows for graduates and donors to come together to celebrate.

Rest assured that Central Okanagan Bursary & Scholarship Society volunteers will deliver your Certificates of Award(s) to each high school, and the school's administration team will take over from there. The school will distribute the awards on graduation day, ensuring that the students are honored and receive their award.

Please know that your scholarships, bursaries, and awards are invaluable to students as education and living costs are rising in our economy.

The recipient's profile is enclosed so that you may familiarize yourself with the background information and future goals of the student.

From the bottom of our hearts, we thank you for continuing to support local graduates. As always, please direct your questions to cobss@shaw.ca.

Sincerely,

Lorraine Miller
